

# Air Vibrator

## Product Features

Use vibration power generated by unbalanced weight's rotation with compressed air.

### ※ Advantages of SB-3-R

Generating uniform vibration by using Rotary Turbine Gear.

Compact size for easy installation.

Minimize the noise.

No risk of gas explosion by using air.

Easy control of vibration.

### ※ Applications

Various Hopper, Silo, Bin.

Automatic Mixer.

Automatic Sorter.

Conveying system of various parts and materials.

Auto feeding system in Factory Automation.
